A taste of Oxford and student life!
"The foundation team is always delighted to welcome our new students, who come from all over the world and from very many different cultural, linguistic and educational backgrounds. It’s great to see them develop through their time with us into confident and independent learners.

We offer students a wide range of educational experiences within a diverse, warm and supportive community, providing them with the tools they will need to progress successfully to the next stage of study as undergraduates."

Teresa Woodbridge, Senior Lecturer, International Foundation Courses
What can I do WITH A FOUNDATION COURSE?

We will ensure you have a guaranteed pathway to your chosen degree once you enrol. You will proceed to your degree after passing with the required grades. Most of our students love it here so much that they choose to stay with us. However, many foundation students go on to bachelor’s degrees at other top universities around the UK.

“My foundation has made me ready to go on to my undergrad. I feel I am confident that I can handle it. I am able to write a full 1,500 to 2,000 word essay like it is nothing now.

If you are looking for a foundation course, Oxford Brookes University is the place to come to.”

Kawanza Morley, Turks and Caicos Islands International Foundation, Arts Humanities and Law followed by BA (Hons) English Language and Communication

DO I NEED A FOUNDATION COURSE?

If you have less than 13 years of school with a high school leaving certificate, you will need a foundation course before you progress onto your degree. You may also want to take a foundation as extra preparation or to become familiar with the UK university system before your degree.

You will improve your academic and English language study skills so you are fully confident to succeed on your undergraduate course (see p7). During your foundation you will take subject modules, including at undergraduate level, to improve your subject knowledge (see p8-9).

We have separate courses for students with language abilities ranging from IELTS 4.5 to native speakers, and for students who either want to stay at Brookes afterwards or keep their options open (see list of foundation courses, p6).

AFTER YOUR FOUNDATION COURSE

You can progress onto degrees in these areas:

- Accounting and finance
- Arts
- Biological and biomedical sciences
- Business and marketing
- Computing and digital media
- Construction management
- Education and childhood studies
- English

- International relations
- Languages
- Law
- Media and communication
- Music, film and theatre studies
